RE: Land Resources Management File #2021-01171, 24 Deerfield Road, Raymond: Tax Map 44, Lot 16

Dear Mr. Caron:

The New Hampshire Department of Environmental Services' (NHDES) Land Resources Management Program has received a complaint of possible violations on the above-referenced property. The complaint alleges that you or your agent have placed fill and removed vegetation within the protected shoreland and a jurisdictional wetland without permits or proper authorization from NHDES. This letter is to notify you of this complaint and to provide you with an opportunity to respond.

We find no record of any permits being issued under your name for the work described above, but realize that a permit may have been obtained under another name, the work may be exempt from the below regulations, or the information provided to NHDES may be unfounded. If work has been performed without a permit or proper authorization, you are requested to voluntarily refrain from carrying out any additional work, except for the installation of siltation and erosion controls, until NHDES further investigates this matter.

Pursuant to RSA 482-A, a wetlands permit from NHDES shall be posted on site prior to excavating, removing, dredging, filling, or constructing any structure in or on any bank, flat, marsh, bog, or swamp, in and adjacent to waters of the state or within 100 feet of a designated prime wetland.

Pursuant to RSA 483-B, a shoreland permit is required from NHDES prior to conducting certain construction, excavation, and filling activities within the protected shoreland.

If there is a violation, NHDES has the authority to take enforcement action. **Within 20 days of the date of this letter**, please provide your comments in writing; submit a copy of any permits, plans, or other information related to this matter; and reference the above file number on all correspondence.

This case has been added to our scheduled inspection list. Please feel free to contact me with any questions at neil.bilodeau@des.nh.gov or (603) 559-1513. Further information about NHDES programs may also be found at the NHDES website: www.des.nh.gov.

Sincerely,

Neil Bilodeau
