DPW Updates

Town of Goffstown Notices

DPW - UPDATES

Collection of Overdue Water Usage Bills Update:

FIRST ROUND

- In January of 2022, there was an outstanding balance on past water usage bills of approximately \$60,000 dating back to 2015.
- Approximately 150 “first notice/reminder” letters were sent out late January reminding residents of their outstanding balance.
- From those 150, approximately 60 disconnection notices went out in early March warning residents of disconnections starting in mid April.
- The week of April 18th, the Water Dept. went out to shut off 13 homes.
- Out of those 13 homes, 2 remain shut off as of 4/20/22, 5 were set up on payment plans and 6 paid in full.
- The total remaining balance for the 2 shut offs is \$3,268.60.

SECOND ROUND

- As of June 2022, there was an outstanding balance on water usage bills of approximately \$28,000. On June 9, 2022, approximately 170 “first notice/reminder” letters were sent out.
- Currently, the outstanding balance is \$13,745 (this amount decreases as payments are still coming in).
- Disconnection letters will be going out the week of July 18th warning residents of impending shut off in August.

Household Hazardous Waste Bid Follow Up Info:

- Tradebe did the HHW event last year.
- Auburn and Nottingham also participate in this event.
- Last year, we had a total of 125 cars (households) - Raymond had 53, Auburn had 34 and Nottingham had 38
- Total bill for the event was \$6,740. Even with the increase in the pricing this year, Tradebe still comes out much less, almost by half, than MXI, the other bidder.
- Per the DPW Director, we will be going with Tradebe since they have done a great job in the past and the price is lower.

Water Tanks Options: Still awaiting site visit dates

Street Sweeping and Catch Basins:

We have agreed to utilize a 50% or less debris level in our catch basins within the MS4 area. This capacity is the difference in measurement from the bottom of the sump of a catch basin to the invert of the exit pipe. There are roughly 180 basins within the MS4 area. We do have an inventory of the catch basins, however that inventory is missing the measurements to be able to determine how full the basins are. We plan on updating our inventory this year.

Industry treatment of both catch basin and street sweeping is to quarantine material in an open to air and sun area for a year before reuse. Looking for more detailed information.

New Item: Shattigee Rd. (SEE ATTACHED)

While corresponding with The Town of Chester regarding the MOU for construction of the Shattigee Rd culvert The Town Administrator for Chester noticed a discrepancy on the spelling of the road name. With the help of Denise O'Grady we looked into the road name. There is a document (BK2343 P1095) conveying the Land - Chetague Rd to the town of Raymond in 1979. In 1988 A Mr. Roy R. Schweiker asked the Board of Selectmen for advice as to what was to be put on the sign as it needed repair, ("Chetague" or "Shattigee") the street sign currently reads Shattigee. Most all the parcels within the assessing database contain "Shattagee" as the road name.

On a recent visit to Chetague Road, it was noticed that the "Shattigee Road" sign was missing. This should probably be replaced so that people wishing to go out to Shattagee Road can find it. Please advise as to what name should be put on the sign.
