Kate Miller, DTC Attorneys
Cable Committee
Re: Cable Franchise Agreement

Unfortunately, the Cable TV committee is unable to meet before your meeting of Monday January 13th. Due to work scheduling I am also not able to attend.

However, I have shared with the committee, the emails and attachments from Atty Kate Miller and none have responded with any questions or concerns.

I would like to let the Board know that as the RCTV Coordinator, I have been working with Atty Miller on this for many months. I agree with her evaluation and recommendations of the issues and encourage the Board to proceed with holding a Public Hearing on January 27th, 2020 so that we may move ahead with this process.

Delays in this will result in delays of installing the fiber optic connection to the RCTV control room for an entire year. Which will result in continued poor reception of all RCTV programming including important Board & Committee meetings.

Respectfully,
Kevin Woods
RCTV Cable Coordinator
