**Agenda Items**

**Review DES Dredge & Fill Permit – Mareld – Freetown Road subdivision**

Ms. McDonald noted that the purpose of this meeting was only to review the NHDES Dredge and Fill permit for the Mareld subdivision. She distributed copies of the permit to everyone. After reviewing the paperwork, members noted that it was straightforward and did not differ from what they were presented with at the previous meeting and site walk. Ms. McDonald said that the wetland impacts are not major and are proposed to be mitigated with creation of wet ponds; the wetlands crossing will be at the narrowest point; and drainage will be installed before any runoff from the site can get to the wetlands.

Ms. McDonald asked if anyone had any concerns or comments and none of the members who were present had any. Ms. Holleran summarized that the ConsCom does not have any comments to NHDES regarding the Dredge and Fill Permit, and that the letter the Commission sent to the Planning Board was adequate.

**Adjournment**

**Ms. Holleran made a motion to adjourn, which was duly seconded by Ms. Potter and passed with a unanimous vote in favor.**

The meeting was adjourned at 7:05 pm.
